Internet of Things Finale

OCTOBER 5, 2017

About Techstars

Techstars is a global ecosystem that empowers entrepreneurs to bring new technologies to market wherever they choose to live.

With dozens of mentorship-driven accelerator programs and thousands of startup programs worldwide, Techstars exists to support the world's most promising entrepreneurs throughout their lifelong journey, from inspiration to IPO.

Techstars IoT day is a half-day gathering of technology, startups, and industry visionaries to discuss how the Internet of Things is rewiring legacy industries in the digital age.

Thanks to our partners GE, Verizon, PwC, Bosch, SAP, and next47, Techstars companies are accelerating the next generation of IoT innovation.
